Introducing - The Knowledge Transfer Network

What we do

KTN is the UK's innovation network. It brings together businesses, entrepreneurs, academics and funders to develop new products, processes and services

We help business to grow the economy and improve people's lives by capturing maximum value from innovative ideas, scientific research and creativity

The Knowledge Transfer Network

Connecting people to accelerate innovation

Strategic

Connecting people who wouldn't usually meet to solve innovation challenges.

Interdisciplinary

Bringing together businesses and researchers from different sectors.

Entrepreneurial

Linking people with new ideas and technologies to partners and customers.

Commercial

Introducing innovators to public and private funders and investors.

Addressing societal challenges and growing new technologies

Chris Warkup
CEO

We are eliminating silos to make it easier to assemble multi-disciplinary teams so that we can do more, and do it well.

David Lockwood
Chair

The “half-life of knowledge” is shortening, so we must connect business with research faster than ever before.

16 Industry communities

Core thematic networks covering key application areas and underpinning technologies

20 Cross-sector groups

Interdisciplinary programmes building communities around priority challenges

60,000+ Members

An engaged online community of innovators served by a single platform

15,000+ Delegates per year

Hundreds of events bringing people together ‘to make magic happen’
